

Women in decision making positions

EU27

Number of interviews:
26.856

Fieldwork:
03/09-18/09/2011

HU

Number of interviews:
1.015

Fieldwork:
03/09-18/09/2011

Methodology: face-to-face

1. Equal representation of women and men in leadership positions in private companies

QE2. Do you agree or disagree with the following statement: Given equal competence, women should be equally represented in positions of leadership in companies.

● Total 'Agree'

● Total 'Disagree'

● DK

EU27 ● Outer pie

HU ● Inner pie

QE3. You said that women should be equally represented in positions of leadership in companies. Why do you think so?

EU27
HU

Base: Respondents who answered they 'Totally agree' or 'Tend to agree' that women should be equally represented (n=23 700)

2. Achieving a balanced representation of women and men on company boards (1)

QE4. What is, in your view, the best way to achieve a more balanced representation of men and women on company boards?

● Self-regulation by companies setting their own targets

● Binding legal measures

● Voluntary measures such as non-binding Corporate Governance Codes and Charters

● There is no need to achieve a more balanced representation of men and women on company boards (SPONTANEOUS)

● DK

EU27 ● Outer pie

HU ● Inner pie

2. Achieving a balanced representation of women and men on company boards (2)

QE5. Some European countries (e.g. France, Spain, the Netherlands, Italy, Belgium and Norway) have already taken legal measures to ensure a more balanced representation of men and women on company boards. Are you in favour or opposed to a legislation on this matter under the condition that qualification is taken into account without automatically favouring one of either gender?
